Letter from our Director

As we approach our 12th year at Hope Academy, we reflect on the many blessings God has given us. This past year Hope Academy has become an independent ministry as we have grown and continue to more effectively reach our community. Our biggest accomplishment is becoming accredited through CARF International. This accreditation will enable us to grow further and to offer additional services in the future that will greatly benefit the individuals we serve.

I would especially like to thank everyone that supports us financially and prayerfully. Your continued contributions allow us to provide quality care and minister to our members and their families.

We look forward to 2019 and all that God has planned for Hope Academy.
